Mass Shooters 2019

Every person charged with or arrested for shooting 4+ people in a single incident

Note: 144 Mass shooters for the year, as listed.

Of these, 38 suspects have been identified as Black or Latino and 1 white.
The remaining ones have no suspect information.

Also, of the 144 mass shooters shootings in 2019, 23 in Chicago, 18 in Baltimore, 7 in Washington/WDC,
and 1 in Philadelphia.

All of this is according to my personal research which consisted of going to every single incident on the Wikipedia page for mass shootings and reading local news articles about them. It is wrong about something given me the up-to-date information.
